- (2) A motor pool of eight trucks and three tank trucks bordered on the barracks to the mest.
- (3) About two hundred Studebaker trucks were blocked up in rows on a field near the barracks. The vehicles could not be approached because they were guarded.
- f. Barracks southwest of the harbor basin and mest of the railroad tracks: Occupied by a tank unit. About 20 troops wearing tank insignia on black epaulets mere seen. An unusually small tank with five bogic wheels, front driving sprocket and a gun without muzzle brake was seen.

h. Fuel dump in a small woods on the western perimeter of the town, north of the exit road to NUZAU (7 45/Y 21): About 10 semi-underground fuel containers and about 40 fuel draws were seen. Guards were black epaulets and were armed with submachine guns.*					
i. Artillery Barracks east of the main railroad station: Occupied by Aumanian troops. Soldiers mearing black and purple epaulets were seen.					
G.LATI					
a. Former lumanian military hospital on Frajan Street: Twenty runs (presumably AA runs) and ten trucks were parked there.					
h.					
c. FILERTI (R 55/1 25) railroad station: Two small Roviet tanks with five bogic wheels and front driving sprockets were seen there on 30 October 1949 and four similar tanks on 31 October 1949.					
tanks with five bogie wheels and front driving sprockets were seen there on 30 October 1949 and four similar tanks on
